PASSION TROPHY

**“The soul and spirit of a place reveal
the adventure of an entire lifetime.”**

Behind the soul and spirit of a place, there is always the influence of a personality. A Relais & Châteaux often turns out to be the passion of a lifetime; a love story always, a family story sometimes. A story of passionate women and men, capable of fulfilling their creative

vision and their desire for excellence. With an equally wonderful story of a family that goes back seven generations, Hennessy Cognac joins us in the award of the Passion Trophy to those sometimes unsung but always admirable heroes.
